A ROCKWELL AUTOMATION PARTNER

AUTOMATION SOLUTIONS
SAFETY

WE VALUE THE SAFETY OF YOUR EMPLOYEES AS MUCH AS YOU DO.

Safety in Automation

Protecting employees and critical assets are among your top priorities. That's why safety is a key component of your manufacturing processes. Rexel is your go-to partner for safety. Our team of experts maintain up-to-date knowledge of key industry regulations and the latest safety requirements.

We can help you reduce downtime, avoid incidents and injuries, and develop strategies that leverage safety and improve productivity. Contact your local Rexel Automation team to learn more about Rexel's portfolio of safety services and solutions.

SAFETY SERVICES

Arc Flash

Rexel offers a broad range of NFPA-70E compliant services including but not limited to arc flash studies, designs, engineering, and labeling.

SIL Safety Ratings

Rexel's alignment with SIL trained and certified professionals, enables us to assist you with all of your process safety requirements.

Hazard and Risk Assessment

Rexel can help evaluate and mitigate hazards and risks related to workers and physical assets.

Lock Out Tag Out

Rexel offers a broad range of procedural design and compliance tracking to ensure your operations are running as safe as possible.

Safety Training

Rexel's safety training covers a wide range of topics that are scaled based on your needs. Contact your local safety specialist for a current class schedule.

Safety Automation Design

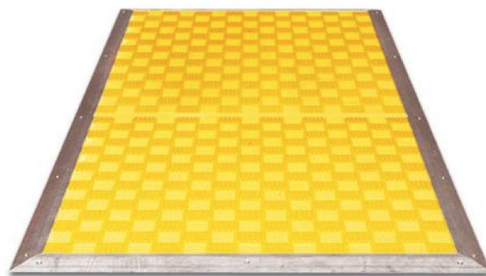

Many of Rexel's safety specialists carry TUV certifications. Consult your local specialist for your machine safety and machine guarding applications.
