PROSTOCK INVENTORY

PROSTOCK MOBILE

## PROSTOCK MOBILE ONSITE

### A COMPLETE MATERIAL STORAGE SOLUTION

Onsite material storage doesn't have to be a struggle. Rexel's ProStock Mobile Onsite is a turn-key inventory storage solution. Rexel can provide a fully stocked container with the products you need to keep your team working. In addition, we can further optimize your inventory with barcode scanning and management system, so you have full visibility on your material levels and usage.

#### HOW IT WORKS

- Rexel works with you to review the bill of material to determine your inventory and storage needs
- We deliver the fully stocked, organized and labeled container to your site
- Material is ordered based on desired levels

#### FEATURES

- Rexel works with you to determine your inventory and storage needs
- Can be used with ProStock bar-code system
- Inventory is shelved, labeled and organized
- Secure material storage onsite, accessible 24/7
- Material can be replenished by Rexel as needed
- Rexel handles delivery and removal of container

#### HOW YOU SAVE

- Reduces wasted labor and back orders
- Curtails overspending and streamlines reordering
- Slashes material costs and eliminates material theft
