

# Rexel Light Fixture *Smart Cart*: Lighting up on-site efficiency

## Providing labor savings directly to your bottom line.

Job sites and facilities are rich with opportunities to cut labor costs and reduce wasteful spending. Rexel's Light Fixture *Smart Cart* Solution efficiently carries lighting fixtures through job sites for quicker and safer installation.

## Scalable and customizable.

Rexel works with you to understand your material and replenishment needs, offering you a turn-key Material Handling Solution. The fixtures will be unpackaged and when you're

ready, fully stocked Light Fixture *Smart Carts* are delivered directly to your site, ready for immediate use.

## Mobile material management.

The mobility of Rexel's Light Fixture *Smart Cart* provides installation crews the flexibility to maneuver with ease. Eliminate the need to search for material - it's always within arm's reach. Two heavy-duty casters swivel while the others remain fixed, improving maneuverability for narrow aisles. Removable locking bars on both sides protect fixtures during travel or storage.

Alert us when *Smart Cart* material is depleted. Rexel will deliver a fully loaded cart while picking up the current cart. We manage any returns and replenish it to your specifications.
