

# Panel Modifications Done Your Way

Ready made panel modifications can help to streamline your manufacturing process.

## ASK YOURSELF

- Are you challenged with time constraints to get your product to market?
- Would you like to allocate your workforce to higher priorities in your process?
- Are you experiencing long lead times for custom enclosure modifications?
- Could pre-populated control panels help with your speed to market challenges?
- Would your team benefit from an increase of available plant floor space?

## MODIFIED ENCLOSURES...AND MORE

**We have the experience to help.**

## Quality Modifications With Confidence

**Increase** overall operating effectiveness.

**Improve** your speed to market.

**Save** valuable plant-floor space.

**Reduce** operational costs.

### Benefits of a Rexel Modification Center

#### Increase Speed to Market

With Rexel's JIT delivery of custom enclosures and sub-assemblies.

#### Streamline Your Procurement

By consolidating entire Bill of Materials into one part number.

#### Allocate Your Resources

Towards higher priority manufacturing processes.

#### Lower Inventory Costs

By reducing stocking levels of components on pre-populated panels.

#### Conserve Floor Space

With less square footage dedicated to enclosure modifications.
