Virtual Training **ARC FLASH & SHOCK HAZARD**

Friday, April 18th, 2025
7:30am - 12:00pm

\$500

Per Person

Class Summary

The purpose of this session is to provide training on NFPA 70E Article 130 to personnel who are required to examine, adjust, service, or maintain electrical equipment while it is energized and meet the standards required for qualified personnel as defined in NFPA 70E.

This class will assist in OSHA and NFPA 70E compliance by providing the classroom type Arc Flash and Electrical Safety Training required by OSHA 29 CFR 1910.332 and NFPA 70E 2015 Article 110.2. The session will be conducted by a professionally trained Electrical Safety and Maintenance Specialist with extensive knowledge of NFPA 70E.
