REXEL | AUTOMATION SOLUTIONS

# New Product Introduction Summit

Modernize and enhance your industrial automation using the newest technologies available from Rockwell Automation.

Choose between October 20th or October 21st to attend.
Time: 9:00am-3:00pm

## Control

Process Automation Controllers
Distributed IO
In Cabinet Ethernet
On Machine Motor Control

## Software

FactoryTalk Logix Echo
Device Tools Mobile App
FactoryTalk Design Studio
FactoryTalk Design Workbench

## Visualization

Panelview Pro
Optix Pro

Join the **Rockwell Experts** for in-depth discussion on the latest technologies being released by Rockwell Automation.

## Leading the Way

- Learn about these technologies from the Rockwell technical consultants and managers.
- Work with the new enhancements in software
- See the newly designed operator interfaces
- Plan your next modernization with the experts

Each attendee will receive a (30) day temporary activation for FactoryTalk Echo simulation software.

There is a (20) seat limit per session

**Location:** Rexel Sparks Office 120-A Sparks Valley Rd. Sparks, MD 21152
